2012 ja

received
5/21/2013

As required in 40 CFR 262.56(a)(5) and 40 CFR 262.87(a)(5), Except for hazardous waste produced by exporters of greater than 100 kg but less than 1000 kg in a calendar month, unless provided pursuant to §262.41 [biennial report], when submitting in even numbered years:

(i) A description of the efforts undertaken during the year to reduce the volume and toxicity of waste generated:	Eliminated barium from processes
(ii) A description of the changes in volume and toxicity of waste actually achieved during the year in comparison to previous years to the extent such information is available for years prior to 1984:	Caustic was more due to higher production levels.

The chromic acid was due to our work as a Boeing Aerospace Processor as the aerospace industry requires chromic acid anodize. The annual quantity shipped will be in this range usually. An entire tank needed to be replaced.

Export Data by Destination

[illegible]

EPA Export Cert 2011 Master Metal.pdf

Mr. Nelson,

I have attached a scanned copy of the signed certification page. I apologize for this error on my part.

Sincerely,

Jeffrey Almeyda
President
Master Metal Polishing Corp.

During my compliance analysis of hazardous waste exporters 2011 annual reports I found that the report from you, attached in this email, is not signed. It is a requirement of all exporters that the reports they submit be signed and certified as is provided for on the second page of the excel form.

Please have the form signed and send it to me via email at your earliest convenience. If you have any questions, I am at 202/564-5032.

Thank you.

Subject: Electronic Copy for CY2011

Attached please find Master Metal Polishing Corp's EPA annual haz waste report for 2011. I apologize for the lateness of this document but I was under the mistaken impression that it was due before the end of Mar(1st Qtr) as opposed to Mar1.

Jeffrey Almeyda
President
